WAR LEGISLATION
REPEALED EXCEPT
LEVER MEASURE

Resolution Adopted By House and Sent To Senate For Vote.

ENEMY TRADE ACT O. K.

Columbian Treaty Again Before Upper Branch Of Congress.

Washington, June 4.—The house by a vote of 323 to 3 adopted a resolution repealing all war laws except the Lever food control act and the trading with the enemy act.

The only negative votes were cast by Representatives Garrett and Sims of Tennessee and Welling of Utah, all Democrats.

Approximately 60 laws, most of them conferring broad discretionary authority on the president as long as the technical state of war continues, would be removed from the statute books by the resolution.

With the house action the repeal resolution was sent to the senate, where action on it is expected before the adjournment of congress. House Democrats predicted that President Wilson would approve the measure, Representative Connolly of Texas asserting the president was first to suggest the nullification of the war acts. The Texan added that the Democrats were ready to override a veto if necessary.

The retention of the Lever act was explained by Representative Welsh, Republican, Massachusetts, in charge of the repeal legislation, as necessary to give the government an effective law for curbing profiteering in necessities, including food and fuel. He added that the trading with the enemy act should be continued to regulate trade with Germany.

Columbian Treaty Up.
Recommendation that the long pending treaty with Colombia, growing out of the partitioning of Panama, be reported back to the senate for final action, was made to the foreign relations committee by the subcommittee appointed to draft an amendment designed to protect American oil and mining interests from the operation of a presidential decree, regarded by some senators as confiscatory.

The subcommittee, of which Senator Fall, Republican, New Mexico, is chairman, said an amendment was unnecessary, because the supreme court of Colombia had declared invalid not only the presidential decree, but legislation along similar lines which had been presented in the Colombian congress. It directed attention that this decree was similar to that issued in Mexico, against which the United States has protested, but expressed full confidence that the people and government of Colombia were sincere in their expressions of desire to protect American rights and interests within the republic.

The subcommittee's report was approved by the full committee and the treaty will be placed on the senate calendar. Senators said there was little probability of its being acted upon until the next session of the senate, which begins in December.

ARMENIAN QUESTION
TO BE DISPOSED OF
BY HOUSE BODY

Washington, June 3.—House leaders plan to dispose of the Armenian mandate question today when Chairman Porter of the house of foreign affairs committee will press for action on the resolution in which the senate declined to grant the president authority for a mandate. Chairman Porter will ask that the house take similar action. The resolution in which the senate declined the president's request had been favorably reported by the house committee. Owing to the press of last minute legislation it was not possible to bring the resolution before the house yesterday.

FINED FOR ALLEGED LIE

Columbus O., June 4.—Accused of having made a false report to the police, Frank Walker, Newark, was fined \$5 in municipal court here. It is claimed he pretended he was paralyzed as a result of being stabbed in the back by an unknown woman in one of the local parks.

LITHUANIA MOVES TO CHECK POLES

London, June 4.—Lithuania is moving to repel invasion by Poland, according to advices to the Daily Express today. Lithuania lies at the northern end of the Russo-Polish battle line and a military movement north of Dvinsk, which is now held by the Poles, would endanger the neutrality of Lithuanian territory.

London, June 4.—The council of the league of nations has been summoned to meet next week to hear Persia's appeal against the Russian bolshevik invasion. Sir Percival Phillips, the Daily Express correspondent at Constantinople, telegraphs that the Persian legation in that city has received bolshevik troops have entered an unconfirmed report that R. Teheran, the Persian capital.

MAY LOSE CROWN

Prince Aage of Denmark

Prince Aage, of Denmark, who, through his marriage to the daughter of Count Calvi de Bergolo, the Italian Envoy at Copenhagen, may be forced to forego all his prerogatives and status as well as his place in line for succession to the Danish throne. The Prince will probably be given the title of Count Rosenberg. He has severed his connections with the Danish army and has secured a commission as captain in the French army, in which capacity he is serving in the French stronghold at Metz.

CREDITS ARRANGED
FOR NEEDY NATIONS
IN FORM OF FOOD

European Nations Make Proposal To Help Suffering Peoples.

Paris, June 4.—New and substantial credits for the relief and reconstruction of central European countries, including Austria and Hungary, have been arranged by the governments of Great Britain, Denmark, Holland, Norway, Sweden and Switzerland. It was announced by the international committee for relief credits.

The credits are mainly in the form of raw materials and foods, and although the United States is not officially represented on the committee, it is co-operating in a large way. It is stated, by providing extensive commodity credits for central Europe.

Two hundred thousand tons of flour are in the course of delivery from the United States to Poland and 25,000 tons to Czechoslovakia. Hungary is also getting 15,000 tons from America and Armenia 43,000 tons. In addition, the committee is arranging to provide industrial materials which may in turn be utilized for exchange in the world's markets for further raw materials or supplies, thus assisting in a re-establishment of the cycle of trade.

RACE ISSUE UP

National Committee Quickly Disposes of Troublesome Question.

Chicago, June 4.—By unanimous resolution the Republican national committee directed Chairman Hays to notify all state organizations that they must discontinue holding local conventions for election of national delegates where "it is the custom and practice to refuse admission to negroes."

Aroused by the number of contests from the southern states in which it was shown that district conventions were held in hotels and other places where negroes are not admitted, Charles B. Warren, committeeman from Michigan, moved to have the committee "issue a warning to the south" that contests on similar grounds must not be permitted to come up at the next national convention.

Southern committeemen, headed by W. H. Jackson of Georgia, protested that the resolution as formed was a slur on the south and contended that specific mention of the southern states should be eliminated and its terms broadened to refer to the entire country. Colonel Warren accepted an amendment to that effect and it was unanimously adopted by a viva voce vote.

BITTER FIGHT OVER LEAGUE PLANK
EXPECTED AT REPUBLICAN CONVENTIONWOOD PRESENT
AT DISCUSSION,
AVERS WITNESS

Harding Slated To Be Second Choice Of Missouri.

PROBE IS CONTINUED

Pre-Convention Expense Investigation Unearths Data.

Washington, June 4.—Several witnesses were heard by the senate committee investigating pre-convention expenditures of presidential candidates.

From C. H. Duell of New York, formerly connected with the Wood financial arrangements, the committee got the statement that General Wood was present at a discussion at the home of Ambrose E. Monell in New York last fall, where ways and means of financing his campaign were talked over. Monell proposed, witness said, that a certain number of men be asked to "underwrite" the Wood campaign expenses to the extent of \$500,000. Robert Cassatt finally declined to enter into the arrangement, Duell said, and his recollection was that General Wood came in later after the meeting.

Questions by Senator Reed, Democrat, Missouri, drew from the witness a statement that in view of the general nature of the conversation, General Wood could not have failed to know its purport and the amounts being discussed as necessary to raise. W. L. Cole, Republican state chairman in Missouri and delegate-at-large from that state, appearing at his own request, presented a brief explanation of previous testimony, which showed that he had received funds from both the Harding and Lowden interests for work in Missouri. He entered a flat denial that he had known that the check for \$500 given him by E. L. Morse, manager of the Lowden campaign outside of St. Louis, was from Lowden funds or that it was given him with any understanding it was to be used in the Illinois governor's behalf. He had regarded the money as a personal contribution from Morse, he said, to aid in the Republican fight to fill a vacancy in the Third Missouri Congressional district, which Morse had insisted that Cole conduct.

As to \$1,250 which the witness said he had received from Harry M. Daugherty, manager for Senator Harding, Cole declared it was given him to use in trying to make the senator the second choice of the Missouri delegation and after he had told Daugherty that he believed Missouri was "sewed up" for Lowden.

A Montreal message from Horace S. Stebbins, eastern treasurer of the Lincoln-Wood league and vainly sought by subpoena service for some days, said he would appear before the committee, while Warren Gregory, connected with the Hoover campaign in California, telegraphed from Boston that he also was on his way. Stebbins said he had just learned that he was wanted as a witness.

Senator Pomerene placed before the senate a proposal to change radically the scope and purpose of the inquiry and to carry it beyond the November election.

EXTRA SESSION UNLIKELY

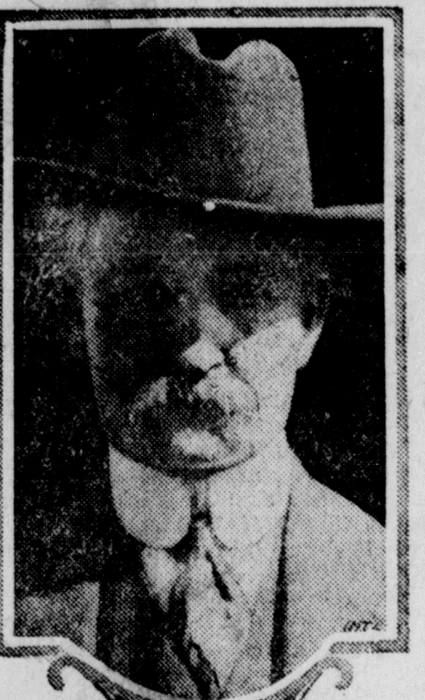

Congress to End Its Present Session Tomorrow Night.

Washington, June 4.—Congress will end its present session tomorrow under a resolution of adjournment adopted by the senate after assurances had been received from the white house that President Wilson did not intend to call a special session during the summer unless a grave emergency arose. The vote on the resolution was 44 to 24. It came after two attempts to amend the measure so as to provide for a recess in the one case to July 12 and in the other to Aug. 2 had failed.

Announcement of the president's decision was made in the senate by Senator Underwood of Alabama, the Democratic leader, who said he had been authorized to deny reports that an extra session was contemplated.

Searching For Bergdoll.
Cincinnati, June 4.—Secret service men and detectives have made an unsuccessful search here for Grover Cleveland Bergdoll, wealthy draft evader, who escaped from his army guards at his home in Philadelphia. The search was based on information that Bergdoll was in Cincinnati dressed in woman's clothing. The secret service men found that a couple who registered as "man and wife" at a hotel really were two men.

ADVOCATES INVASION

Senator Fall

The report of the Fall Committee recommending the armed invasion of Mexico for the purpose of establishing a stable government if the new regime in that country fails to restore order will probably be called up for consideration in the Senate within a few days. The report, which will shortly be made public was written by Senator Fall, of New Mexico, and concurred in by Senators Brandegee and Smith of Arizona. This photograph of Senator Fall was made on the Mexican border during the committee's investigation tour.

PLAGUE CONTINUES
TO RAVAGE HOMES
IN VERA CRUZ CITY

More Than 50 Suspected Cases Now Under Observation.

Vera Cruz, June 4.—Three new cases of bubonic plague and three deaths at the Lazaretto on the Island of Sacrifice, were reported by the sanitary department today. More than fifty cases of the plague are under observation.

Medical men are dissatisfied with the action of the mayor in refusing President Wilson's offer to send a destroyer with New Orleans physicians and disinfectants to help check the outbreak. Fears were expressed that the local sanitary authorities will be unable to control the epidemic without outside help.

A number of old buildings are being burned. The main wharf and a two story office building at the entrance to the docks and a number of small frame shacks were destroyed. They were infected with thousands of rats which are believed to have been inoculated with the plague germs.

All the business houses remained closed on orders of the municipal authorities. All merchants have been ordered to clean their stores of rubbish on penalty of a heavy fine. The refuse is being carted to the outskirts and burned.

CHARGE HOUSE LEADERS
WITH ATTEMPTING
TO BLOCK MEASURE

Mason Resolution On Irish Republic Is "Chloroformed."

Washington, June 4.—Charges that the Republican house leaders had "chloroformed" the Mason resolution recognizing the Irish republic were made by Rep. James F. Gallivan, of Massachusetts today.

He pointed to Speaker Gillett's statement that no one would be recognized in order to bring the resolution before the house. Rep. William E. Mason, Illinois, author of the resolution, wrote a letter to Rep. Potter, which the latter made public today, in which the resolution was placed in the hands of Mr. Porter, chairman of the house foreign affairs committee, with the request that "he make every effort to get action on the resolution."

Mr. Mason pointed out the speaker already had stated flatly that he would refuse recognition to any one attempting to bring the resolution up. Representative Gallivan expressed the belief that nothing will save the resolution from "burial."

REPORT IS DENIED

London June 4.—The foreign office today denied that Russian bolshevik troops had occupied Teheran, capital of Persia.

CHOICE OF NOMINEE
HINGES ON RESULT
OF BIG STRUGGLE

Senator Watson May Head Resolutions Committee.

TWO BIG FACTIONS
Split Caused By League
Of Nations Squabble
In Party.

Chicago, June 4.—Senator James Watson of Indiana, is most prominently mentioned today for chairman of the convention resolutions committee which is to bring out the party platform. The senator is expected to reach here today.

State delegates have been notified by wire by Chairman Hays of the national committee to pick their representatives for membership on the resolutions committee.

Senator Watson was a compromiser on the league of nations covenant and sought to bring about its ratification with amendments. It is not believed that his selection as chairman of the platform committee will meet with the support of the Johnson-Pomerene-Roosevelt delegates or of those who are supporting the stand of the "irreconcilables."

Chicago, June 4.—A bitter fight on the outcome of which to a large extent hinges the Republican nomination for president, looms ahead of the resolutions committee when it tackles the league of nations plank here next week.

Two well defined factions have formed within the ranks of the G. O. P. and both are strongly represented here.

First comes the group of "reservationists," of the school of Henry Cabot Lodge, Republican whip from Massachusetts. They favor a league with reservations, but desire in the platform a plank bridging the chasm between the "reservationists" and the "no league" faction and at the same time broad enough for any Republican whatever his views, to stand on without danger.

Second comes the irreconcilables, or the "battalion of death" element, opposed to the present league, amended or otherwise, and who insist that such a plank be nailed fast to the Republican platform for all the world to see.

WOOD IS CHOICE.

Should a league of nations with reservations be endorsed by the convention it is pointed out, it would mean the nomination of General Leonard Wood, Governor Lowden, Senator Harding, Herbert Hoover or "dark horse" known to be reservationist by conviction. Some of the names heard in this connection are Charles Evans Hughes, ex-president William H. Taft, Henry Cabot Lodge, Frank B. Kellogg, of Minnesota, Irvine L. Lenroot, of Wisconsin, and James Watson, of Indiana.

On the other hand, politicians say that if the "no league" faction wins out in the committee room fight, Senator Hiram Johnson would be the logical nominee of the convention. If unacceptable to the Republican "old guard," as some still insist he is, then Philander Knox of Pennsylvania, Senator Boies Penrose's selection or perhaps Senator Harding, a "very strong" reservationist, might step in as a compromise.

That Senator Johnson and Senator Borah intend to force the convention to take an open stand on the league, for or against, is taken here as no more common catch phrases on the part of the Californians. Every delegate in Chicago believes he meant exactly what he said: "That there must be no pussy-footing on the league."

Thus the first test of the mood of the convention will be shown in the report of the resolutions committee. It is expected the report will be brought in by Thursday of next week, even if a minority report should be joined on to the other, as some think will be the case. Senator Borah, according to his friends, comes to Chicago "with his guns" loaded for war. So did Johnson who after his rough and ready reception here yesterday, slept well last night and early today began again with his conferences.

Students To Go to Convention.

Columbus, June 4.—Representatives from Ohio Wesleyan, Mt. Union, Wilberforce and Cedarville college will attend the Republican convention at Chicago next week at the expense of the state advisory committee. College Republican clubs in each of these schools were announced as winners in the recent membership contest.

Anives Bucci, Italy's greatest ship-builder, arrived in New York recently aboard the liner Kroonland. He is here to establish a big steamship line to this country.

AMERICAN OBSERVER
TO BE PRESENT AT
ALLIED CONFERENCE

Bolshevik Minister Of Trade To Confer With Entente

Washington, June 4.—The United States will be represented unofficially at the forthcoming conference at London between Gregory Krassin, Bolshevik minister of trade and commerce, and representatives of the supreme economic council, it was said by officials here.

The presence of an unofficial American observer at the conference, it was stated, would not mean that the United States had changed its position with regard to resumption of trade with Bolshevik Russia and that any change was in contemplation. Officials explained that the purpose was to only keep in immediate touch with the negotiations and with the views of other nations on the question. Consul General Skinner at London, it is understood, will most likely be the American representative.

Should Great Britain or other European countries decide to resume commercial relations with the Bolsheviks, the United States, it was said, will effectively block any sale of rolling stock to foreign governments for resale to Russia. Locomotives and cars are understood to constitute the greatest need of the Bolsheviks.

HUNGARY SIGNS PEACE
TREATY; VAST TRACT LOSTCARRANZA'S SON
TO LEAVE MEXICO

Vera Cruz, June 4.—General Candido Aguilar, son-in-law of the late Venustiano Carranza, has been granted permission to leave Mexico with his family and move to his future home in Europe, it was reported from Mexico City today. The Aguilar family is expected to sail from this port soon. The newspaper El Tabano prints a bitter attack against Aguilar, calling him a plunderer of public money. The newspaper said in part:

"Candido Aguilar is going away with his pockets filled with the nation's money, but on his conscience rests the tears of his victims. Perhaps he is going to Europe in search of an emperor who may attempt to re-establish a throne in Mexico."

COAST GUARD RAIDED

Reinforcements of Soldiers and Marines Pouring Into Ireland Daily.

London, June 4.—Sinn Feiners raided the Queenstown naval station and five other coast guard stations on the Irish coast. Resistance by the military police against Sinn Fein attacks on barracks is growing stronger. Half a dozen attempts by Sinn Feiners to raid barracks at different places in Ireland were unsuccessful and four of the attackers were killed. At some points the Sinn Feiners cut telephone and telegraph wires and tore up the railroad tracks before beginning their attacks.

Reinforcements of soldiers and marines are pouring into Ireland daily. British warships are carrying ammunition.

The latest estimates place the number of barracks and government buildings destroyed since Easter at 400.

NEXT PRESIDENT
CHIEF TOPIC OF
A. F. O. L. MEET

Montreal, Assembling Groun Of Delegates Talks Politics.

JOHNSON IS FAVORED

Palmer Head Labor's Black List Of Candidates.

Montreal, Quebec June 4.—This city, under the British flag has taken on some of Chicago's political atmosphere.

With the arrival of delegates for the fortieth annual convention of the American Federation of Labor, the question of who will be the next president of the United States has become one of the chief topics of conversation in the hotel lobbies, indicating that politics will be one of the leading interests in the convention.

According to opinions expressed by delegates to-day, six candidates in the field are satisfactory to labor, but only one of them is a Republican—Senator Hiram Johnson of California.

After talks with many of the labor leaders now on the ground, there is little doubt that Senator Johnson and William G. McAdoo, Democrat, are the two favorites of labor.

Senator Johnson's labor record is described as "100 per cent good" although he is criticized by railroad union men because of his absence from the senate when the Cummins-Esch bill was up. By his absence the senator failed to place himself on public record regarding the measure.

MCADOO FAVORED

It is accepted as a foregone conclusion that railroad workers are almost solidly for Mr. McAdoo. In the Kansas City convention representing 600,000 members of the railroad employees department of the American Federation of Labor, a resolution endorsing Mr. McAdoo was received with such enthusiasm that the leaders had difficulty in tabling it, partisan politics being barred.

Attorney General A. Mitchell Palmer seems to head labor's "in bad list." Some of the delegates here offered to lay wagers that no union men would vote for him if he were nominated. General Leonard Wood is apparently a close second to Mr. Palmer in labor's disfavor. This is said to arise over his connection with the steel strike and because he is a military man.

Herbert Hoover is unpopular with the laborites because of his endorsement of the open shop. Senator Harding came into disfavor because of his advocacy of anti-strike legislation. Governor Lowden, of Illinois, seems to have some following among the Illinois coal miners. Laborists say that Governor Lowden's labor record in congress was not satisfactory but that he has made a fair governor.

U. S. Invited To Sign Pact

Only Turkish Treaty Left.

Paris, June 4.—The signing of the Hungarian peace treaty in the Grand Trianon palace at Versailles this afternoon left only the Turkish treaty to be considered. By the terms of the treaty Hungary gives up tracts of land to Poland, Roumania and Czechoslovakia.

Seventeen allied nations were invited to sign the treaty, including the United States. Ambassador Hugh C. Wallace acted for America. The French delegation was headed by Premier Millerand and included Minister of Finance Marshal, M. Cambon of the foreign office and M. Paleologue.

The Hungarian delegation included Dr. Auguste Bernard, minister of labor, Alfred Haza and M. Prasnowski.

A regiment of Engineers mounted guard around the palace under orders to exclude the public. Among the distinguished visitors who had been invited to attend, however, was King Alexander, of Greece, who is now in Paris.

The representatives of the interested nations traveled to the palace in motor cars. The Hungarians were accompanied by Colonel Henry of the French foreign office. The fountains in the magnificent gardens of the Trianon palace, which ordinarily played only twice a month on Sundays were in action, adding to the picturesqueness of the scene.

The Hungarians pointed out that they were acting under protest. According to dispatches from Budapest all work was stopped in Hungary and the day was observed as one of mourning over the nation's lost prestige.

Mr. Mason pointed out the speaker already had stated flatly that he would refuse recognition to any one attempting to bring the resolution up. Representative Gallivan expressed the belief that nothing will save the resolution from "burial."

REPORT IS DENIED

London June 4.—The foreign office today denied that Russian bolshevik troops had occupied Teheran, capital of Persia.

CHOICE OF NOMINEE HINGES ON RESULT OF BIG STRUGGLE

Senator Watson May Head Resolutions Committee.

TWO BIG FACTIONS

Split Caused By League Of Nations Squabble In Party.

Chicago, June 4.—Senator James Watson of Indiana, is most prominently mentioned today for chairman of the convention resolutions committee which is to bring out the party platform. The senator is expected to reach here today.

State delegates have been notified by wire by Chairman Hays of the national committee to pick their representatives for membership on the resolutions committee.

Senator Watson was a compromiser on the league of nations covenant and sought to bring about its ratification with amendments. It is not believed that his selection as chairman of the platform committee will meet with the support of the Johnson-Pomeroy-Borah delegates or of those who are supporting the stand of the "irreconcilables."

Chicago, June 4.—A bitter fight on the outcome of which to a large extent hinges the Republican nomination for president, looms ahead of the resolutions committee when it tackles the league of nations plank here next week.

Two well defined factions have formed within the ranks of the G. O. P. and both are strongly represented here.

First comes the group of "reservationists," of the school of Henry Cabot Lodge, Republican whip from Massachusetts. They favor a league with reservations, but desire in the platform a plank bridging the chasm between the "reservationists" and the "no league" faction and at the same time broad enough for any Republican whatever his views, to stand on without danger.

Second comes the irreconcilables, or the "battalion of death" element, opposed to the present league, amended or otherwise, and who insist that such a plank be nailed fast to the Republican platform for all the world to see.

WOOD IS CHOICE

Should a league of nations with reservations be endorsed by the convention it is pointed out, it would mean the nomination of General Leonard Wood, Governor Lowden, Senator Harding, Herbert Hoover or "dark horse" known to be a reservationist by conviction. Some of the names heard in this connection are Charles Evans Hughes, ex-president of the United States, ex-president William B. Taft, Henry Cabot Lodge, Frank H. Kellogg, of Wisconsin, and James Watson, of Indiana.

On the other hand, politicians say that if the "no league" faction wins out in the committee room fight, Senator Hiram Johnson would be the logical nominee of the convention. If unacceptable to the Republican "old guard," as some still insist he is, then Philander Knox of Pennsylvania, Senator Boies Penrose's selection or perhaps Senator Harding, a "very strong" reservationist, might step in as a compromise. That Senator Johnson and Senator Borah intend to force the convention to take an open stand on the league, for or against, is taken here as no mere common catch phrase on the part of the "no league" faction. Every delegate in Chicago believes he meant exactly what he said: "That there must be no pussyfooting on the league."

Thus the first test of the mood of the convention will be shown in the report of the resolutions committee. It is expected the report will be brought in by Thursday of next week, even if a minority report should be joined on to the other, as some think will be the case. Senator Borah, according to his friends, comes to Chicago "with his guns" loaded for war. So did Johnson who after his rough and ready reception here yesterday, slept well last night and early today began again with his conferences.

Students To Go to Convention.
Columbus, June 4.—Representatives from Ohio Wesleyan, Mt. Union, Wilberforce and Cedarville college will attend the Republican convention at Chicago next week at the expense of the state advisory committee. College Republican clubs in each of these schools were announced as winners in the recent membership contest.

AMERICAN OBSERVER TO BE PRESENT AT ALLIED CONFERENCE

Bolshevik Minister Of Trade To Confer With Entente

Washington, June 4.—The United States will be represented unofficially at the forthcoming conference at London between Gregory Krassin, Bolshevik minister of trade and commerce, and representatives of the supreme economic council, it was said by officials here.

The presence of an unofficial American observer at the conference, it was stated, would not mean that the United States had changed its position with regard to resumption of trade with Bolshevik Russia and that any change was in contemplation. Officials explained that the purpose was to only keep in immediate touch with the negotiations and with the views of other nations on the question. Consul General Skinner at London, it is understood, will most likely be the American representative.

Should Great Britain or other European countries decide to resume commercial relations with the Bolshevik United States, it was said, will effectually block any sale of rolling stock to foreign governments for resale to Russia. Locomotives and cars are understood to constitute the greatest need of the Bolsheviks.

CARRANZA'S SON
TO LEAVE MEXICO

Vera Cruz, June 4.—General Candido Aguilar, son-in-law of the late Venustiano Carranza, has been granted permission to leave Mexico with his family and his future home in Europe, it was reported from Mexico City today. The Aguilar family is expected to sail from this port soon. The newspaper El Tabano prints a bitter attack against Aguilar, calling him a plunderer of public money. The newspaper said in part:

"Candido Aguilar is going away with his pockets filled with the nation's money, but on his conscience rests the tears of his victims. Perhaps he is going to Europe in search of an emperor who may attempt to re-establish a throne in Mexico."

COAST GUARD RAIDED

Reinforcements of Soldiers and Marines Pouring Into Ireland Daily.

London, June 4.—Sinn Feiners raided the Queenstown naval station and five other coast guard stations on the Irish coast. Resistance by the military police against Sinn Fein attacks on barracks is growing stronger. Half a dozen attempts by Sinn Feiners to raid barracks at different places in Ireland were unsuccessful and four of the attackers were killed. At some points the Sinn Feiners cut telephone and telegraph wires and tore up the railroad tracks before beginning their attacks.

Reinforcements of soldiers and marines are pouring into Ireland daily. British warships are carrying ammunition.

The latest estimates place the number of barracks and government buildings destroyed since Easter at 400.

NEXT PRESIDENT CHIEF TOPIC OF A. F. O. L. MEET

Montreal, Assembling Groun Of Delegates Talks Politics.

JOHNSON IS FAVORED

Palmer Head Labor's Black List Of Candidates.

Montreal, Quebec June 4.—This city, under the British flag has taken on some of Chicago's political atmosphere.

With the arrival of delegates for the fortieth annual convention of the American Federation of Labor, the question of who will be the next president of the United States has become one of the chief topics of conversation in the hotel lobbies, indicating that politics will be one of the leading interests in the convention.

According to opinions expressed by delegates to-day, six candidates in the field are satisfactory to labor, but only one of them is a Republican—Senator Hiram Johnson of California.

After talks with many of the labor leaders now on the ground, there is little doubt that Senator Johnson and William G. McAdoo, Democrat, are the two favorites of labor.

Senator Johnson's labor record is described as "100 per cent good" although he is criticised by railroad union men because of his absence from the senate when the Cummins-Eash bill was up. By his absence the senator failed to place himself on public record regarding the measure.

MCADOO FAVORED

It is accepted as a foregone conclusion that railroad workers are almost solidly for Mr. McAdoo. In the Kansas City convention representing 600,000 members of the railroad employees department of the American Federation of Labor, a resolution endorsing Mr. McAdoo was received with such enthusiasm that the leaders had difficulty in tabling it, partisan politics being barred.

Attorney General A. Mitchell Palmer seems to lead labor's "in bad list." Some of the delegates here offered to lay wagers that no union men would vote for him if he were nominated. General Leonard Wood is apparently a close second to Mr. Palmer in labor's disfavor. This is said to arise over his connection with the strike and because he is a military man.

Herbert Hoover is unpopular with the laborites because of his endorsement of the open shop. Senator Harding came into disfavor because of his advocacy of anti-strike legislation. Governor Lowden, of Illinois, seems to have some following among the Illinois coal miners. Unionists say that Governor Lowden's labor record in congress was not satisfactory but that he has made a fair governor.

HUNGARY SIGNS PEACE TREATY; VAST TRACT LOST

U. S. Invited To Sign Pact Only Turkish Treaty Left.

Paris, June 4.—The signing of the Hungarian peace treaty in the Grand Trianon palace at Versailles this afternoon left only the Turkish treaty to be considered. By the terms of the treaty Hungary gives up tracts of land to Poland, Roumania and Czechoslovakia.

Seventeen allied nations were invited to sign the treaty, including the United States. Ambassador Hugh C. Wallace acted for America. The French delegation was headed by Premier Millerand and included Minister of Finance Marshal, M. Cambon, of the foreign office and M. Paleologue. The Hungarian delegation included Dr. Auguste Bernard, minister of labor, Alfred Haza and M. Prasnowski.

A regiment of Engineers mounted guard around the palace under orders to exclude the public. Among the distinguished visitors who had been invited to attend, however, was King Alexander, of Greece, who is now in Paris.

The representatives of the interested nations traveled to the palace in motor cars. The Hungarians were accompanied by Colonel Henry of the French foreign office. The fountains in the magnificent gardens of the Trianon palace, which ordinarily played only twice a month on Sundays were in action, adding to the picturesqueness of the scene.

The Hungarians pointed out that they were acting under protest. According to a dispatch from Budapest all work was stopped in Hungary and the day was observed as one of mourning over the nation's lost prestige.

LITHUANIA MOVES TO CHECK POLES

London, June 4.—Lithuania is moving to repel invasion by Poland, according to advices to the Daily Express today. Lithuania lies at the northern end of the Russo-Polish battle line and a military movement north of Dvinsk, which is now held by the Poles, would endanger the neutrality of Lithuanian territory.

London, June 4.—The council of the league of nations has been summoned to meet next week to hear Persia's appeal against the Russian bolshevik invasion. Sir Percival Phillips, the Daily Express correspondent at Constantinople, telegraphs that the Persian legation in that city has received a report that Russian bolshevik troops have entered an unconfirmed report that R. Teheran, the Persian capital.

CEDARVILLE COLLEGE STAGES CELEBRATION OF ANNUAL EVENT

Carried in a flower bedecked chair upon the shoulders of her attendants, Miss Reba Harbison, selected as Queen of May for Cedar Day festivities at Cedarville college, rode in royal state at the head of the procession which opened the celebration on the college campus Wednesday.

Bright hued costumes of many nations, represented by the student body furnished a brilliant dash of color, and the June sun flashed on their flaming robes, and the colors of the different lands, as they waved from the flag staffs.

The procession left the main entrance of the college building, and wound through the streets, to the campus. Directly behind the queen's chair walked Mrs. Marguerite Gilkey Rickenbach, who had the honor of placing the crown upon the head of Miss Harbison. She carried the crown on a white cushion. Courtiers, pages and attendants followed, and then the student body representing the nations.

The queen in her trailing white robes, took her place in the flower-bedeked throne on the campus, where she was crowned.

A May pole dance in front of the queen then took place, twelve girls performing the pretty dance, "Comin' Thro' the Rye." A pantomime opened and closed this feature.

The Cedar Day oration was then given by Edwin Bradfute.

Taking the place of the customary class "stunts," a Biblical drama, "Ruth" in three acts, was given on the campus by the student body.

The play was effectively rendered. The cast of characters was Boaz, a wealthy Hebrew, LaCiede Markle; Elimelech, brother of Boaz, Galvin Reilly; Mahlon elder son of Elimelech, Rufus Sanders, Chilion younger son of Elimelech, Charles Townsley; Priest, Ernest Stewart; Groomsman, Paul Duncan; Ruth, a Moabite woman Marjorie McCallan; Orpah, a Moabite woman, Helen Barnett; Neighbor women, virgins and friends of the bridegroom were included in the cast.

At noon several hundred persons participated in the picnic dinner on the campus. A baseball game between Cedarville and Antioch in the afternoon was won by Antioch.

650 PHEASANT EGGS TO BE HATCHED IN GREENE COUNTY

Word has been received by Squire J. E. Jones, that a shipment of 650 pheasant eggs has been made to him, by the State Game Commission from a game farm in St. Charles, Ill.

Squire Jones had previously made arrangements with farmers in various parts of the county to take the eggs and hatch them out, turning the young pheasants loose on their farms.

Those who have agreed to take the eggs should get in touch with Mr. Jones at once.

POLICE ALLEGE MEN CONFESS TO ROBBERY IN DAYTON IN APRIL

Dayton, O., June 4.—Dewey Rash, alias Harvey Porter and William B. Weston, alias Puckett, arrested in Cincinnati on a loitering charge several weeks ago, were returned to Dayton Thursday and according to police, have confessed to the robbery of John Wassum, attendant at the Ohio Cities Gas station at Wayne

and Xenia avenues, on the afternoon of April 30. They are charged with highway robbery and grand larceny.

William Corbin, alias Long, who police say was with Rash and Weston at the time of the holdup, was bound over to the grand jury a week ago on a charge of being implicated in the robbery. According to the police the men also have confessed to stealing two automobiles in Dayton on May 26 and 27 and also the theft of an automobile belonging to H. E. Schoenberger, druggist, Fifth and Jefferson streets, in which they eluded police following the gas station station hold up.

SUFFERED 8 YEARS WITH RHEUMATISM

Prescription C-2223 Gave
Relief.

Mr. Will Parks, of Manor, Texas, writes October 8th, as follows:

"I suffered from rheumatism for eight years. After taking Prescription C-2223, I found it to give wonderful relief. I will always recommend your treatment to those suffering from this same trouble."

There are many reasons why Prescription C-2223 is so successfully used by those suffering with rheumatism, lumbago, gout and sciatica. A doctor spent years perfecting his treatment for these dread diseases, now known as Prescription C-2223. You can now buy it at any drug store ready prepared, at less than the price which you have to pay a doctor for prescribing, to say nothing of the cost of the medicine. Again Prescription C-2223 is guaranteed to give you relief. The present owners of this splendid treatment are so sure that you will be benefited that they authorize all druggists to return your \$3.00 if two \$1.50 bottles do not give you relief.

In taking Prescription C-2223 a vegetable cathartic is needed—something that will stimulate the flow of bile and regulate the bowels. 2223 Liver Pills do not sicken or gripe. One is a dose and but two or three need be taken every two weeks.

If your druggist will not supply you with Prescription C-2223 and 2223 Liver Pills, one \$1.50 bottle and a box of Pills will be sent you postpaid on receipt of \$1.75. Write Department 127, 2223 Laboratory, Memphis, Tenn., for literature, 1929 Almanac and sample of the Pills.

SAGE TEA DANDY TO DARKEN HAIR

It's Grandmother's Recipe to
Bring Back Color and
Lustre to Hair.

You can turn gray, faded hair beautifully dark and lustrous almost overnight if you'll get a bottle of "Wyeth's Sage and Sulphur Compound" at any drug store. Millions of bottles of this old famous Sage Tea Recipe, improved by the addition of other ingredients, are sold annually, says a well-known druggist here, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray or becoming faded have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful.

This is the age of youth. Gray-haired, unattractive folks aren't wanted around, so get busy with Wyeth's Sage and Sulphur Compound to-night and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days.

This preparation is a toilet requisite and is not intended for the cure, mitigation or prevention of disease.

ROAD CONDITIONS BETWEEN CINCINNATI AND COLUMBUS GIVEN

In response to the courtesy of City Auditor T. H. Zell in furnishing the Cleveland Automobile Club with information concerning roads leading out of Xenia, the Club has sent him a report of road conditions between Columbus, Springfield and Cincinnati which is of special interest to motorists.

It is probable that the reports of road conditions on different trips will be mailed out weekly furnishing much valuable information to motorists. This week's report is as follows:

Cleveland to Springfield and Cincinnati.

MARION Marion to Marysville is rough.

URBANA Marysville to Milford Center is cement, balance gravel. Detour south on junction one mile west of Irvin for four miles. This road leads to Mechanicsburg.

SPRINGFIELD Marysville to Dayton is fair-gravel, rough in some places. Springfield to Xenia is good gravel. The road to Dayton from Springfield to Xenia is good via Emon and Fairfield. It is rough about three miles west of Springfield to Xenia is gravel. Xenia to Xenia.

Xenia to Lebanon very good. Gravel road to Lebanon. But it is much better to go to Cincinnati via Dayton from Xenia.

DAYTON Springfield to Hamilton is good. Springfield to Xenia is gravel; Xenia to Dayton: macadam; Dayton to Middletown via Miamisburg, brick; Middletown to Hamilton is brick and macadam.

LEBANON Very poor from Lebanon to Mason. The best road is to go west for two miles then south west then southeast and west again. Mason to Cincinnati is improved.

HAMILTON From College Hill to Lindenwald is improved with brick and asphalt. From Hamilton go south on East avenue and Glendale pike to first paved street west to first paved street—Bennington Avenue—south to Engine House and one square west to main road then south to College Hill.

Middletown to Hamilton passable but broken in places.

Middletown to Dayton all paved in good condition.

Hamilton to Oxford partly improved and rough. Fairly good from Oxford to Liberty and Richmond, Ind.

Teachers Get Increase. Lancaster, O., June 4.—Eighty-six teachers in the local schools won their demand for increased salaries when the board of education rehired all at an increase of \$20 per month. They had refused re-election at a less increase.

EXECUTOR'S SALE OF REAL ESTATE AND CHATTELS.

AMERICAN LEGION LAYS PLANS FOR FESTIVAL IN JUNE

A meeting of the executive committee of Joseph P. Foody Post No. 95, American Legion was held in the rooms of the Chamber of Commerce Wednesday at which time plans were laid for the June Festival to be held at the rink, June 21 to 26 inclusive.

The entertainment committee, consisting of Jacob Colp, chairman, and Fred Schultz and Don Clark, has the affair in charge but the following committees have been appointed to assist in the arrangements:

Subscription and collection committee, Arthur Kelly, chairman, S. G. Phillips, Steele Poague, Paul H. Cresswell, Fred Schultz, treasurer, C. L. Darlington, Ohmer Tate, James Kyle and Lawrence McKee. Lights committee, Thomas McClellan, chairman, Lyon Galloway and Lawrence Smith. Decorations committee, S. G. Phillips, chairman, and Gardner Gearhart. Publicity committee, L. C. Tinsley, chairman, R. A. Higgins and E. S. Myers.

A committee from the Springfield American Legion which recently conducted a successful festival, met with representatives of Foody Post at the Chamber of Commerce Thursday night at which time views were exchanged relative to plans for the affair.

Plans are now under consideration to invite the manufacturers of different products sold in Xenia to send demonstrators here to demonstrate their wares in booths at the Fair. Among other attractions also will be the country store and the dance hall.

The Subscription and Collection Committee has decided to do away with all forms of advertising schemes and will ask business men for small donations to help insure the expenses of the Festival that the organization can go ahead with the present plans for the event.

RECIPES FOR A DAY.
Spinach Salad—Pick over, wash and cook spinach. Drain and chop finely. Left-over spinach can be used very nicely. Season with salt and pepper, lemon juice and one tablespoon melted butter. Butter small molds and pack solidly with mixture, chill, remove from molds onto a lettuce leaf. Surround with slices of hard boiled eggs and serve on top of each mayonnaise or cream dressing. This is delicious, a successful way to utilize left-over spinach and requires little lettuce—an item which is quite a luxury now.

Stuffed Calf's Heart—Wash a calf's heart, remove veins, arteries, etc. Moisten a cup of dried bread crumbs with hot milk, add two tablespoons melted butter or fat, season with onion, salt, pepper and sage. Stuff the heart and sew. Season with salt and pepper, cover with flour and brown in hot fat. Put in small covered baking dish, half cover with water, bake every fifteen minutes for two hours. Remove heart, thicken stock with flour paste, season and serve around the heart. This is a very cheap meat and yet very tasty and tender.

Chili Sauce—When canned chili sauce is gone, as it is far too ex-

pensive to buy, take a can of tomatoes, add two onions and a green pepper (chopped), one-half cup brown sugar, one cup vinegar, one tablespoon salt, one tablespoon each of cinnamon, cloves and mace, and cook slowly for two hours. This is easily done and is about one-third as expensive as what you buy.

Hominy—With potatoes abnormally high, use hominy, macaroni, rice and spaghetti to supply the necessary starch foods in the diet. A very good way to fix hominy is to warm one pound of hominy in two or three tablespoons bacon fat or butter, cover with milk and cook slowly until it has absorbed most of the milk. Season and serve hot.

Caramel Pudding—Stir one cup brown sugar (either light or dark), in a frying pan over a slow fire until deep brown (make sure not to burn), add two tablespoons hot water, one pint warm milk and stir well. Then add two tablespoons cornstarch, moistened with a little milk. When thick like custard add one-half cup English walnuts. Mold, chill and serve with cream. This helps to save the granulated sugar when planning desserts and also helps use the brown sugar.

BEVERAGES

Dandelion Wine—For dandelion wine remove blossoms from the stems. Scald three quarts of blossoms in three quarts of boiling water. Let stand three days. Strain and squeeze. Put in a stone jar with three pounds of white sugar, two sliced oranges, two sliced lemons and one-half yeast cake, dissolve in one cup of warm water. Let stand for three days; strain and put in jugs to ferment. Fill up jugs every day with fresh water. Do not cork or cover while fermenting. Leave in jugs for six weeks. Bottle and add one or two raisins to each bottle. Cork tight and rack bottles on their sides to keep from bursting.

Mr. and Mrs. L. M. Morton are receiving a visit from the latter's mother and sister, Mrs. D. W. Inman and Miss Ruth Inman, of Lebridge, Alberta, Can.

"JUST A GIRL"

BY JANE PHELPS

IN SEARCH OF WORK

Chapter 29
What did the coming of this aunt, who really was no aunt at all, mean for me? As I heard Mother's sobbing gradually grow less, I distinguished the calm voice talking quietly. Then I went back to them.

"Zena. I am a lonely old woman. Don't you think it is your Mother's duty to come and keep me company for a while? You too, if you will. I have no one to care for, no one who cares particularly for me."

"Would you like to go, Mother?"
"I think—so—Zena. I am so tired. Perhaps I could rest there." That had been her constant plaint—she was "so tired."

"Of course you can rest! No one could rest in a noisy place like New York with all the street noises—even at night."

"But Zena—?"
"I must get to work, Mother. I haven't been able to look for work even," I turned to Aunt Susan, "because Mother hated to be left alone. But if she goes with you I must find a position at once."

After a good deal of talk—mostly between Aunt Susan and me—it was decided that Mother should go and stay with her for a few months at least. When she urged me, I firmly told her it was necessary that I begin to earn money. I had refused to allow Mother to visit. She would pay her board. Aunt Susan had very little beside her home and it would not be fair to foist mother upon her, even

though she had invited her without paying.

So we packed up our few possessions again, and Mother and Aunt Susan started up state. I gave up the sitting room at once. I would retain the bedroom until I found work, then I would move where it would not take so much time to go back and forth.

Not a doubt entered my mind that I would be successful. Not once did I think that I would not be in demand as a worker. Had I not a good education? If the girls I saw in stores and on the street at the time the workers filled them were capable of earning I surely would have no trouble.

I gave Mother—rather I gave to Aunt for her—all but \$100 of what was left. When I said goodbye to them at the Grand Central Station, all I had in the world was that \$100 a lot of stylish clothes—too stylish by far for a working girl. I soon learned—and my faith in myself.

I bought all the papers and took them home with me. I felt so sad, so alone, I feared I would break down and I realized I must waste no time giving away to my emotions. I was not particularly strong and so must also conserve my strength.

It had been hard to let Mother go, while at the same time it was a relief. I had begun to be very anxious as to what we would do when our money gave out.

I thought many times of what Aunt

Susan had said "I guess the Lord sent me." I was sure he had.

I spent the entire evening searching the columns' "Female Help Wanted." Surely when so many people were in need of help, I would have no trouble at all. I cut out dozens of the most promising advertisements, arranging them according to location as nearly as possible so that I might save time and car-fare.

I, who had never used street cars, was anxious now to have the nickle a ride would cost!

I had decided I would try for a position as private secretary. I wrote a good hand which I thought a requisite. So the next morning I started out on my search for employment—sans experience, sans proper clothes—sans everything save courage.

I called at place after place in the business district only to learn that the places had been filled or that because I was neither a stenographer or typist I wouldn't do.

I didn't get through the day without other unpleasant experiences also. One man told me I didn't look as if I needed work. He had looked me up and down. My clothes were not indicative of need, he said, with a sneer.

I didn't tell him neither Mother or I had put on mourning because Dad hated the idea. Neither did I tell him I wore stylish clothes because they were all I had and could not afford others.

AMERICAN LEGION LAYS PLANS FOR FESTIVAL IN JUNE

A meeting of the executive committee of Joseph P. Foody Post No. 95, American Legion was held in the rooms of the Chamber of Commerce Wednesday at which time plans were laid for the June Festival to be held at the rink, June 21 to 26 inclusive.

The entertainment committee, consisting of Jacob Colp, chairman, and Fred Schultz and Don Clark, has the affair in charge but the following committees have been appointed to assist in the arrangements:

Subscription and collection committee, Arthur Kelly, chairman, S. G. Phillips, Steele Poague, Paul H. Cresswell, Fred Schultz, treasurer, C. L. Darlington, Ohmer Tate, James Kyle and Lawrence McKee. Lights committee, Thomas McClellan, chairman, Lyon Galloway and Lawrence Smith. Decorations committee, S. G. Phillips, chairman, and Gardner Gearhart. Publicity committee, L. C. Tingley, chairman, R. A. Higgins and E. S. Sijers.

A committee from the Springfield American Legion which recently conducted a successful festival, met with representatives of Foody Post at the Chamber of Commerce Thursday night at which time views were exchanged relative to plans for the affair.

Plans are now under consideration to invite the manufacturers of different products sold in Xenia to send demonstrators here to demonstrate their wares in booths at the fair. Among other attractions also will be the country store and the dance hall.

The Subscription and Collection Committee has decided to do away with all forms of advertising schemes and will ask business men for small donations to help insure the expenses of the festival that the organization can go ahead with the present plans for the event.

RECIPES FOR A DAY.

Spinach Salad - Pick over, wash and cook spinach. Drain and chop finely. Left-over spinach can be used very nicely. Season with salt and pepper, lemon juice and one tablespoon melted butter. Butter small molds and pack solidly with mixture, chill, remove from molds onto a lettuce leaf. Surround with slices of hard boiled eggs and serve on top of each mayonnaise or cream dressing. This is delicious, a successful way to utilize left-over spinach and requires little lettuce - an item which is quite a luxury now.

Stuffed Calf's Heart - Wash a calf's heart, remove veins, arteries, etc. Moisten a cup of dried bread crumbs with hot milk, add two tablespoons melted butter or fat, season with onion, salt, pepper and sage. Stuff the heart and sew. Season with salt and pepper, cover with flour and brown in hot fat. Put in small covered baking dish, half cover with water, bake every fifteen minutes for two hours. Remove heart, thicken stock with flour paste, season and serve around the heart. This is a very cheap meat and yet very tasty and tender.

Chili Sauce - When canned chili sauce is gone, as it is far too expensive to buy, take a can of tomatoes, add two onions and a green pepper (chopped), one-half cup brown sugar, one cup vinegar, one tablespoon salt, one tablespoon each of cinnamon, cloves and mace, and cook slowly for two hours. This is easily done and is about one-third as expensive as what you buy.

Hominy - With potatoes abnormally high, use hominy, macaroni, rice and spaghetti to supply the necessary starchy foods in the diet. A very good way to fix hominy is to warm one pound of hominy in two or three tablespoons bacon fat or butter, cover with milk and cook slowly until it has absorbed most of the milk. Season and serve hot.

Caramel Pudding - Stir one cup brown sugar (either light or dark), in a frying pan over a slow fire until deep brown (make sure not to burn), add two tablespoons hot water, one pint warm milk and stir well. Then add two tablespoons cornstarch, moistened with a little milk. When thick like custard add one-half cup English walnuts. Mold, chill and serve with cream.

Dandelion Wine - For dandelion wine remove blossoms from the stems. Scald three quarts of blossoms in three quarts of boiling water. Let stand three days. Strain and squeeze. Put in a stone jar with three pounds of white sugar, two sliced oranges, two sliced lemons and one-half yeast cake, dissolve in one cup of warm water. Let stand for three days; strain and put in jars to ferment. Fill up jars every day with fresh water. Do not cork or cover while fermenting. Leave in jars for six weeks. Bottle and add one or two raisins to each bottle. Cork tight and rack bottles on their sides to keep from bursting.

"JUST A GIRL"

BY JANE PHELPS

IN SEARCH OF WORK

Chapter 29

What did the coming of this aunt, who really was no aunt at all mean for me? As I heard Mother's sobbing gradually grow less, I distinguished the calm voice talking quietly. Then I went back to them.

"Zena, I am a lonely old woman. Don't you think it is your Mother's duty to come and keep me company for a while? You too, if you will. I have no one to care for, no one who cares particularly for me."

"Would you like to go, Mother?"

"I think so—Zena. I am so tired. Perhaps I could rest there." That had been her constant plaint—she was "so tired."

"Of course you can rest! No one could rest in a noisy place like New York with all the street noises—even at night."

"But Zena—?"

"I must get to work, Mother. I haven't been able to look for work even," I turned to Aunt Susan, "because Mother hated to be left alone. But if she goes with you I must find a position at once."

After a good deal of talk—mostly between Aunt Susan and me—it was decided that Mother should go and stay with her for a few months at least. When she urged me, I firmly told her it was necessary that I begin to earn money. I had refused to allow Mother to visit. She would pay her board. Aunt Susan had very little beside her homelife and it would not be fair to foist mother upon her, even

tho she had invited her without paying.

So we packed up our few possessions again, and Mother and Aunt Susan started up state. I gave up the sitting room at once. I would retain the bedroom until I found work, then I would move where it would not take so much time to go back and forth.

Not a doubt entered my mind that I would be successful. Not once did I think that I would not be in demand as a worker. Had I not a good education? If the girls I saw in stores and on the street at the time the workers filled them were capable of earning I surely would have no trouble.

I gave Mother—rather I gave to Aunt for her—all but \$100 of what was left. When I said goodbye to them at the Grand Central Station, all I had in the world was that \$100 a lot of stylish clothes—too stylish by far for a working girl. I soon learned—and my faith in myself.

PITTSBURGH PASTOR DELIVERS ADDRESS AT COMMENCEMENT

The Rev. John Alvin Orr, D. D., of Pittsburgh a member of the first class to graduate from Cedarville College, delivered the address to the twenty-fourth class to be sent out by that institution of higher learning at the commencement exercises which were held Friday morning in the Cedarville opera house.

Nine young men and women including a native Chinese, received degrees conferred by the college and the honorary degree of doctor of divinity was conferred upon three ministers, two of them alumni of the school.

Dr. Orr who made the class address is pastor of a United Presbyterian church in Pittsburgh, and secretary of the New World Movement for that denomination.

Opening his address he declared in favor of the League of Nations as the only effective means of preserving peace among the nations and deplored the manner in which the United States senate acted regarding the pact. He declared that the people had failed to properly show their gratitude to God for delivering them from the war.

He then addressed his remarks to the graduates, impressing upon them the necessity of sincerity of purpose in life developing strength of character and being true to God.

President McChesney conferred the degrees and awarded diplomas.

The honorary degree of D. D. was conferred upon the Rev. W. R. Graham of Philadelphia; the Rev. Robert Clyde Galbreath of Union, New York, and Rev. Jason McMillan of Johns City, Tenn. Dr. Graham and Dr. Galbreath are alumni of Cedarville and Dr. McMillan is an alumnus of Tarkio College, Tarkio, Mo. All have been closely associated with the college.

Two of the candidates for degrees Norman Baird Foster of Forest, O., and Miss Ellen Elizabeth Tarbox of Cedarville, received the coveted "cum laude."

Degrees were conferred upon graduates as follows:

MASTER OF ARTS

The Rev. Malcolm Neholson, Halifax, N. S.

Mrs. Anna Orr Wilson, Cedarville.

BACHELOR OF ARTS

Chang-tung Walter Chu, Hang Chow, China.

Samuel Arton Creswell, Cedarville.

Reba Harrison, Cedarville.

Rebecca Faye Marsh, Owensville.

Dorothy Smithson Peebles, O.

Ellen B. Tarbox, Cedarville.

BACHELOR OF DIVINITY

Rev. Thomas Whyte, Philadelphia, Penn.

In the department of vocal music Miss Dorothy Oglesbee was given a diploma and Miss Mary Hester Townley was awarded a diploma in the department of piano.

State high school provisional certificates were awarded to Rebecca Faye Marsh, Dorothy Smithson and Mrs. Anna Orr Wilson.

The presentation of three scholarships to the college for next year by Dr. J. Alvin Orr were announced, they are valued at \$120.

FINAL ASSEMBLY AT SCHOOL TAKES ON FAREWELL ASPECT

The last assembly to be held at Central High School this year, took on the nature of a farewell to the Seniors, and there was much display of class spirit and athletic interest, when the affair was staged Friday morning.

The assembly was in charge of the Freshmen class, and was opened with the singing of "Hand in Hand" by the Freshmen girls led by Miss Maynes. Miss Josephine Wolf gave a reading and a quartet composed of Louise Keyes, Helen Hurley, Lawrence Tilly and Robert Shaw, sang.

Glen McFadden issued a challenge for the Sophomores to a baseball team from the faculty or any of the classes for a game and Lawrence Ridel accepted the challenge for the game for the Seniors which will be staged at the school picnic, next Thursday June 10.

John Moore also accepted the challenge for the Juniors, the game to be played Friday and Robert Shaw of the Freshmen, challenged the Juniors for a game at the picnic which was accepted. There were class cheers and cheers for the departing Seniors.

The Freshmen boys closed the assembly with the singing of "Miller of the Dee" and "Kindling Wood."

SUSTAINS BAD CUT IN FOREHEAD AS WINDSHIELD BREAKS

George Pillsbury, a senior at Central High School and son of Mr. and G. H. Pillsbury, sustained a deep gash to his forehead Wednesday evening at about 7 o'clock when an automobile in which he was riding with several other boys struck a stump on the Dayton pike. The lad was brought to the McClellan Hospital, where a physician took several stitches in the wound to close it. The cut was directly in the eye-brow.

A party of four boys had gone to Kilkare Park to swim, making the trip in the Mitchell car belonging to H. L. Sayre and driven by his son Richard. The storm came up and the boys returned early. In order to avoid mud holes young Sayre drove into the grass and struck the stump which was hidden from view by high grass. A portion of the windshield was knocked out by the impact and struck young Pillsbury in the forehead, cutting a gash. The other boys in the machine were Marcus Shoup, Jr., and George Shoup. None of the others were injured.

KATHERINE NOGGLE DIES ON FRIDAY

Miss Katherine Alice Noggle, 10 year old daughter of Mr. and Mrs. Henry Noggle of the Anderson road six miles south of Xenia, died at 2:45 o'clock Friday morning.

The little girl had been sick only one week the malady starting with tonsillitis. She was born June 10, 1910 and was in the fourth grade at Craig school. Beside her parent she leaves a sister, Mildred who also has been ill but is now much better, a brother Roy and her grandparents Mr. and Mrs. George Hagler. She was a member of the Maple Corner Church and Sunday school.

Funeral services will be held Saturday afternoon at two o'clock, but owing to the nature of the malady friends will not be admitted to the house but will remain in the yard during the services.

COLLAPSES ON STREET DIES EARLY FRIDAY

Collapsing as she was walking along South Detroit street near the Xenia Garage Thursday, Mrs. Eliza Antrim died at the home of her daughter, Mrs. Allie Pearson on the Wilmington pike just outside of Xenia at 2:20 o'clock Friday morning.

Mrs. Antrim was 76 years of age last January and had lived practically all of her life in this city. She had been ill for some time but her condition was not considered serious. She had been visiting her sister in law Mrs. Joshua Yoe on Bellbrook avenue and started from there Thursday to return to the home of her daughter, when she was taken suddenly ill.

Mrs. Antrim was the widow of Quinton Antrim Mrs. Pearson is the only surviving child. Funeral services will be held at her home at two o'clock Monday afternoon.

HUNDREDS GATHER TO HEAR R. & M. BAND CONCERT FOLLOWING BANQUET AT PLANT

More than 160 people were seated at the tables spread on the lawn at Factory No. 4, of the Robbins & Myers company, here Thursday evening, at the banquet tendered the local branch by the company, as a reward for having reached a certain speed of output here.

Japanese lanterns strung on electric lights made the pretty lawn at the factory bright as day, and the tables were gayly decorated in purple and gold, the factory colors, and with cut flowers. During the banquet, the Robbins & Myers band of 45 pieces, furnished music for the diners, and later appeared in concert. About five hundred people were present to hear the free concert which lasted until ten o'clock. The band also helped furnish music for dancing in the recreation hall after the banquet, the music being augmented by the piano and phonograph owned by the company.

Mr. Barmeister entertainment manager for the Robbins & Myers company acted as master of ceremonies, and Charles Schneider, superintendent, of Plant No. 1, in Springfield was toastmaster for the program of informal speeches given after the banquet. Harry Freeman, treasurer of the Robbins & Myers Company who was one of the guests responded to a toast for the company, explaining that the policy of the company in this city was not to want any more than any other factory. He said that his company located the branch here notwithstanding the fact that other cities had offered factory sites and huge bonuses, because the company thought this was an ideal city in which to locate. He also spoke of the broad democratic policy of the Robbins & Myers Company, and of the wonderful opportunity for people in that organization. Practically all of the executives of the company, he said, started in at the bottom and worked their way up. Tribute was also paid to Toastmaster Schneider, who has been with the company 27 years and who advocated the location of the plant here, and to R. S. Kingsbury, John W. Prugh, and John P. Bocklet, of the Chamber of Commerce, who were guests at the affair, and who were also instrumental in bringing the plant to this city. He explained further that the deal for the purchase of the plant here will go through by July 1, and that the officials of the company were very well satisfied with the plant, paying a high tribute at the time to the ability of Harry Sparks, manager of the local plant.

In responding for the city, John W. Prugh complimented the Robbins & Myers Company on its good judgment in picking Xenia to locate in. He also expressed admiration for the democratic plan on which the plant is operated, and the bonus system whereby a person's earnings are measured by his ability. He said he was glad to see a big organization of that nature making such progress in this city.

It will be interesting to Xenians to know that the Robbins & Myers band, which furnished concerts at the factories in Springfield twice weekly, will not only appear here at other social functions but will also give special concerts for the public at large. An effort will also be made to have the annual picnic of the company, at which last year there were more than 10,000 people, held at Kilkare Park this summer.

Among officials of the company who were present at the affair were: Harry Freeman, treasurer; Mr. Muma sales manager; Mr. Groner, production manager; Mr. Smeltzer, plant auditor; Mr. Huffman, general superintendent; Mr. Wilson, auditor; Mr. Merrill, efficiency engineer; Charles Schneider, superintendent of plant No. 1, and Mr. Barmeister, the entertainment director. Guests at the affair were, C. A. Weaver, and L. C. Tingley, president and secretary of the Chamber of Commerce, and J. W. Prugh and R. S. Kingsbury, of that organization.

SHEETS CASE GOES TO JURY FRIDAY; COUNSEL SUMS UP

A verdict of conviction of embezzlement for \$4,708.91, the amount charged in the indictment was returned at 3:40.

The clerk of George W. Sheets, former clerk of the courts, charged with embezzling county funds amounting to \$4708 rests with the jury. The twelve men received the charge of Judge Richard L. Cameron and retired for conference at 1:30 Friday afternoon.

In his charge Judge Cameron impressed upon the jury that the defendant is presumed by the law to be innocent until his guilt is proven beyond a reasonable doubt, and he explained the meaning of "reasonable doubt" understood in the law. A reasonable doubt he said does not mean, a vague, speculative or possible doubt but such a doubt as will remain in the minds of fair minded men after a consideration of all the evidence.

If you find the defendant guilty of embezzlement, it is your duty to determine how much of the money that came into the possession of the defendant was embezzled said the court.

It is not essential to conviction that you should find that the defendant is guilty of embezzlement of all the money of all the money with which he stands charged in the indictment but the proof must satisfy you beyond a reasonable doubt, that as some portion of it he committed the crime of embezzlement.

Both sides rested Thursday afternoon and adjournment was taken until Friday morning. Before the arguments of counsel opened special charges, requested by both the state and the defense were given to the jury by Judge Cameron. Judge Marcus Shoup made the opening argument for the state followed by Attorney Charles L. Darlington for the defendant. Attorney F. L. Johnson of counsel for the defense was the next speaker and prosecuting Attorney Harry D. Smith closed for the state. The argument concluding at noon. The court room was crowded during the arguments of counsel and the court's charge.

CENTRAL HIGH WINS OVER EAST END NINE

Central High School defeated East High School, 13-2, in a ragged game of baseball played Thursday evening.

IT NEEDS ONLY "JUST ONE"

Each Dose a Different Laxative, "They Never Wear Out."

The modern scientific way is to never use the same laxative twice in succession. This avoids the danger of overworking one organ while leaving another congested and sluggish. The new idea is to stir up one organ today, another tomorrow, and so on, keeping all up to maximum efficiency without injuring any.

"Just One" is the only laxative in which this plan is carried out. Each of the twenty tablets in a box of "Just One" is a full, regular, correct dose of a different laxative than the other nineteen. No two alike, though all look alike. Each is the best of its kind, pleasant and thorough in action and a successful formula proved by years of use.

Your system can't become used to and unresponsive to "Just One." You never increase the dose. "Just One" is always enough; hence the name. You'll like this new idea. So get "Just One" today. PITTSBURGH PASTOR DELIVERS ADDRESS AT COMMENCEMENT

The Rev. John Alvin Orr, D. D., of Pittsburgh a member of the first class to graduate from Cedarville College, delivered the address to the twenty-fourth class to be sent out by that institution of higher learning at the commencement exercises which were held Friday morning in the Cedarville opera house.

Nine young men and women including a native Chinese, received degrees conferred by the college and the honorary degree of doctor of divinity was conferred upon three ministers, two of them alumni of the school.

Dr. Orr who made the class address is pastor of a United Presbyterian church in Pittsburgh, and secretary of the New World Movement for that denomination.

Opening his address he declared in favor of the League of Nations as the only effective means of preserving peace among the nations and deplored the manner in which the United States senate acted regarding the pact. He declared that the people had failed to properly show their gratitude to God for delivering them from the war.

He then addressed his remarks to the graduates, impressing upon them the necessity of sincerity of purpose in life developing strength of character and being true to God.

President McChesney conferred the degrees and awarded diplomas.

The honorary degree of D. D. was conferred upon the Rev. W. R. Graham of Philadelphia; the Rev. Robert Clyde Galbreath of Union, New York, and Rev. Jason McMillan of Johnson City, Tenn.; Dr. Graham and Dr. Galbreath are alumni of Cedarville and Dr. McMillan is an alumnus of Tarkio College, Tarkio, Mo. All have been closely associated with the college.

Two of the candidates for degrees Norman Baird Foster of Forest, O., and Miss Ellen Elizabeth Tarbox of Cedarville, received the coveted "cum laude."

Degrees were conferred upon graduates as follows:

MASTER OF ARTS

The Rev. Malcolm Neholson, Halifax N. S.

Mrs. Anna Orr Wilson, Cedarville.

BACHELOR OF ARTS

Chang-tong Walter Chu, Hang Chow, China.

Samuel Morton Creswell Cedarville.

Reba Harrison, Cedarville.

Rebecca Faye Marsh, Owensville.

Dorothy Smithson Peebles, O.

Ellen B. Tarbox, Cedarville.

BACHELOR OF DIVINITY

Rev. Thomas Whyte, Philadelphia, Penn.

In the department of vocal music

Miss Dorothy Oglesbee was given a diploma and Miss Mary Hester Townley was awarded a diploma in the department of piano.

State high school provisional certificates were awarded to Rebecca Faye Marsh, Dorothy Smithson and Mrs. Anna Orr Wilson.

The presentation of three scholarships to the college for next year by Dr. J. Alvin Orr were announced, they are valued at \$120.

FINAL ASSEMBLY AT SCHOOL TAKES ON FAREWELL ASPECT

The last assembly to be held at Central High School this year, took on the nature of a farewell to the Seniors, and there was much display of class spirit and athletic interest, when the affair was staged Friday morning.

The assembly was in charge of the Freshmen class, and was opened with the singing of "Hand in Hand" by the school followed by a selection by the Freshmen girls led by Miss Maynes. Miss Josephine Wolf gave a reading and a quartet composed of Louise Keyes, Helen Hurley, Lawrence Tinsley and Robert Shaw, sang.

Glen McFadden issued a challenge from the Sophomores to a baseball team from the faculty or any of the classes for a game and Lawrence Riddle accepted the challenge for the game for the Seniors which will be staged at the school picnic, next Thursday June 10.

John Moore also accepted the challenge for the Juniors the game to be played Friday and Robert Shaw of the Freshmen, challenged the Juniors for a game at the picnic which was accepted. There were class cheers and cheers for the departing Seniors.

The Freshmen boys closed the assembly with the singing of "Miller of the Dee" and "Kindling Wood."

SUSTAINS BAD CUT IN FOREHEAD AS WINDSHIELD BREAKS

George Pillsbury, a senior at Central High School and son of Mr. and G. H. Pillsbury, sustained a deep gash to his forehead Wednesday evening at about 7 o'clock when an automobile in which he was riding with several other boys struck a stump on the Dayton pike. The lad was brought to the McClellan Hospital, where a physician took several stitches in the wound to close it. The cut was directly in the eye-brow.

A party of four boys had gone to Kilkare Park to swim, making the trip in the Mitchell car belonging to H. L. Sayre and driven by his son Richard. The storm came up and the boys returned early. In order to avoid mud holes young Sayre drove into the grass and struck the stump which was hidden from view by high grass. A portion of the windshield was knocked out by the impact and struck young Pillsbury in the forehead, cutting a gash. The other boys in the machine were Marcus Shoup, Jr., and George Shoup. None of the others were injured.

KATHERINE NOGGLE DIES ON FRIDAY

Miss Katherine Alice Noggle, 10 year old daughter of Mr. and Mrs. Henry Noggle of the Anderson road six miles south of Xenia, died at 2:45 o'clock Friday morning.

The little girl had been sick only one week the malady starting with tonsillitis. She was born June 10, 1910 and was in the fourth grade at Craig school. Before her parent she leaves a sister, Mildred who also has been ill but is now much better, a brother Roy and her grandparents Mr. and Mrs. George Hagler. She was a member of the Maple Corner Church and Sunday school.

Funeral services will be held Saturday afternoon at two o'clock, but owing to the nature of the malady friends will not be admitted to the house but will remain in the yard during the services.

COLLAPSES ON STREET DIES EARLY FRIDAY

Collapsing as she was walking along South Detroit street near the Xenia Garage Thursday, Mrs. Eliza Antrim died at the home of her daughter, Mrs. Allie Pearson on the Wilmington pike just outside of Xenia at 2:20 o'clock Friday morning. Mrs. Antrim was 76 years of age last January and had lived practically all of her life in this city. She had been ill for some time but her condition was not considered serious. She had been visiting her sister in law Mrs. Joshua Yoe on Bellbrook avenue and started from there Thursday to return to the home of her daughter, when she was taken suddenly ill. Mrs. Antrim was the widow of Quinton Antrim Mrs. Pearson is the only surviving child. Funeral services will be held at her home at two o'clock Monday afternoon.

HUNDREDS GATHER TO HEAR R. & M. BAND CONCERT FOLLOWING BANQUET AT PLANT

More than 160 people were seated at the tables spread on the lawn at Factory No. 4, of the Robbins & Myers company, here Thursday evening, at the banquet tendered the local branch by the company, as a reward for having reached a certain speed of output here.

Japanese lanterns strung on electric lights made the pretty lawn at the factory bright as day, and the tables were gayly decorated in purple and gold, the factory colors, and with cut flowers. During the banquet, the Robbins & Myers band of 45 pieces, furnished music for the diners, and later appeared in concert. About five hundred people were present to hear the free concert which lasted until ten o'clock. The band also helped furnish music for dancing in the recreation hall after the banquet, the music being augmented by the piano and phonograph owned by the company.

Mr. Barmeister entertainment manager for the Robbins & Myers company acted as master of ceremonies, and Charles Schneider, superintendent, of Plant No. 1, in Springfield was toastmaster for the program of informal speeches given after the banquet. Harry Freeman, treasurer of the Robbins & Myers Company who was one of the guests responded to a toast for the company, explaining that the policy of the company in this city was not to want any more than any other factory. He said that his company located the branch here notwithstanding the fact that other cities had offered factory sites and huge bonuses, because the company thought this was an ideal city in which to locate. He also spoke of the broad democratic policy of the Robbins & Myers Company, and of the wonderful opportunity for people in that organization. Practically all of the executives of the company, he said, started in at the bottom and worked their way up. Tribute was also paid to Toastmaster Schneider, who has been with the company 27 years and who advocated the location of the plant here, and to R. S. Kingsbury, John W. Prugh, and John P. Bockett, of the Chamber of Commerce, who were guests at the affair, and who were also instrumental in bringing the plant to this city.

He explained further that the deal for the purchase of the plant here will go through by July 1, and that the officials of the company were very well satisfied with the plant, paying a high tribute at the time to the ability of Harry Sparks, manager of the local plant. In responding for the city, John W. Prugh complimented the Robbins & Myers Company on its good judgment in picking Xenia to locate in. He also expressed admiration for the democratic plan on which the plant is operated, and the bonus system whereby a person's earnings are measured by his ability. He said he was glad to see a big organization of that nature making such progress in this city. It will be interesting to Xenians to know that the Robbins & Myers band, which furnished concerts at the factories in Springfield twice weekly, will not only appear here at other social functions but will also give special concerts for the public at large. An effort will also be made to have the annual picnic of the company, at which last year there were more than 10,000 people, held at Kilkare Park this summer. Among officials of the company who were present at the affair were: Harry Freeman, treasurer; Mr. Muma, sales manager; Mr. Groner, production manager; Mr. Smeltzer, plant auditor; Mr. Huffman, general superintendent; Mr. Wilson, auditor; Mr. Merrill, efficiency engineer; Charles Schneider, superintendent of plant No. 1, and Mr. Barmeister, the entertainment director. Guests at the affair were, C. A. Weaver, and L. C. Tingley, president and secretary of the Chamber of Commerce, and J. W. Prugh and R. S. Kingsbury, of that organization.

HURRAH—BEST ANTI-BOOZE NEWS YOU HAVE HEARD IN A YEAR.

With the unrest on the part of Labor, with the contention about the German treaty and the League of Nations, with the Mexican revolution looming up as a menace, it would seem as if the dear public had about all it could stand, without the liquor interests infusing into the troubled sea their contention that the National Prohibition Amendment had not been properly adopted, and straining every nerve to sit aside the United States provision for the adoption of amendments to our constitution.

Having all the money that liquor and beer pour into their disreputable hands they have been able to hire able lawyers to press their contention even before the highest tribunal in the country, the United States Supreme Court. But, thank God, they have lost their case, for this court on Tuesday, June 1st held that the Federal constitutional amendments cannot be submitted for ratification to a referendum vote in the states having referendum provisions in their constitutions.

The Court declared the Ohio state constitutional referendum amendment to be inoperative in so far as it affects ratification of Federal amendments. And, of course, this decision will affect in the same way the half dozen other states where efforts have been made, or are proposed, to kill a Legislation adoption of the Prohibition amendment by a referendum to the vote of the people.

Justice William R. Day, in rendering the Court's opinion, which was unanimous, after allusion to the method of submission of proposed Constitutional Amendments, as provided in Article Five of the Constitution, said:

"Ratification might have been left to a vote of the public or to an authority of Government other than that selected. The language of the article is plain, and admits of no doubt in its interpretation.

"The only question for determination is: "What did the framers of the constitution mean in requiring ratification by Legislature? That was not a term of uncertain meaning when incorporated into the constitution.

"What it meant when adopted it still means for the purpose of interpretation. A Legislature then was the representative body which made the laws of the public. The term often is used in the constitution with this evident meaning.

"There can be no question that the framers of the constitution clearly understood and carefully used the terms in which that instrument referred to the action of the Legislatures of the states. When they intended that direct action by the public should be had they were no less accurate in the use of apt phraseology to carry out such purpose.

"Any other view might lead to endless confusion in the manner of ratification of Federal amendments.

"The choice of means of ratification was withheld wisely from conflicting action in the states."

It would seem as if this ought to be a death blow to the efforts of the liquor interests to override law and order, but Booze appears to have more lives than the cat, or the headless chicken, for it doubtless will go on making State laws that 2-3-4 per cent of alcohol in beer is not intoxicating. Anything to "whip the devil round the stump" in a bad cause.

THE TWO NATIONAL CONVENTIONS.

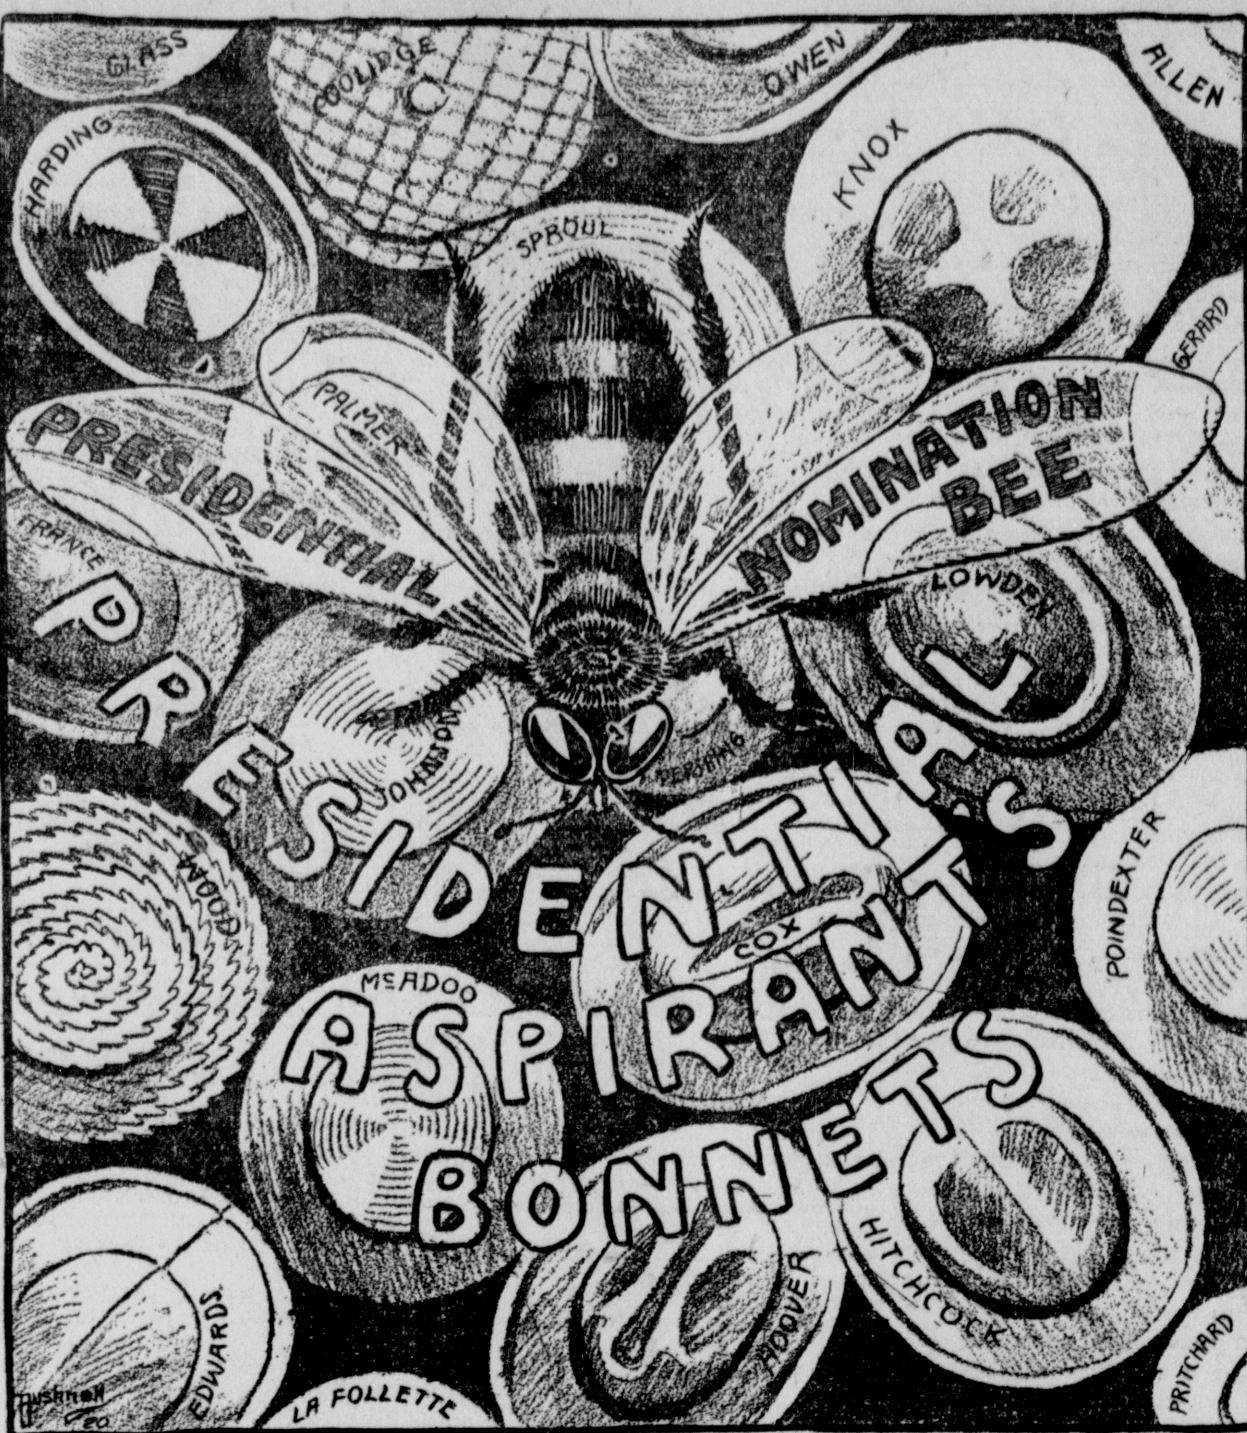

What the Democratic party will do at San Francisco depends very largely on what the Republican party shall have done three weeks previously in Chicago. If the Republicans nominate an eastern man, the Democratic presidential nomination is likely to go to a westerner. If a westerner heads the Republican ticket, the Democrats will go East for their chief standard bearer. On the equally important question of platform Chicago, too, will not be without its influence on San Francisco.

It may be taken as fairly certain the Democrats will "stand by the President" on the treaty question. The spirit, if not the letter, of the presidential veto of the Knox peace resolution will be written boldly into the San Francisco plank on foreign relations.

On the other cardinal 1920 issue, if issue it is to be—prohibition—the Democrats will only be moved to moisten their platform by similar action at Chicago. It is the present intention of the party to stand pat on the eighteenth amendment as a piece of accomplished statutory law. If the G. O. P. loosens up, party strategy will require the Democrats to follow suit, but nothing else will.

The committee on resolutions will contain fifty-three members. It already has been ascertained thirty-seven of them will be dry. The dries will include William Jennings Bryan, who is expected to make himself Nebraska's representative on the platform's writing committee. He may seek to commit the convention to going further than supporting the eighteenth amendment. Party leaders hope he will not force that issue.

THE BEESEYE VIEW OF THE FIELD AT LARGE—SELECTING A BONNET TO BUILD ITS NEST IN

CHATTER

The witness for the defence was being cross-examined. In answer to a question put by counsel, in-

stead of speaking, he nodded his head.

Whereupon the court stenographer, who was not looking at the witness, demanded: "Answer that question."

The witness replied, "I did answer it; I nodded my head." "Yes," was the retort, "I heard it rattle, but could not tell whether it was up and down or from side to side."

For long and weary hours, or so it seemed to the bored passengers, the train had puffed and panted and twisted its way from Blairgowrie, and at length drew wearily into Dundee station.

Roused from their slumber by the noise and bustle of arrival, two languid occupants of a first-class carriage yawned and stretched themselves.

"Well," sighed one of them, in relief, as he collected his luggage, "thank goodness, that's the worst part of my journey over!" "Going far?" asked his fellow-traveller, casually.

"Shanghai" was the cool reply.

"Margaret, where is your little sister?" "I just hurried away from her, mother, 'cause I felt sure I was going to lose my temperature."

"You Americans are queer people," remarked the English visitor.

"How's that, Lord Blessus?"

"You speak of a swindler as a confidence man."

"Well?"

"By jove, sir, you can't put any confidence in the daily chap at all."

PRINCE, EX-GERMAN OFFICER, DONS CIVIES AS THE HUSBAND OF PRINCESS MARGARET

Princess Margaret and Prince Frederick.

Among the notable June weddings of Europe's nobility was that performed at the beginning of the month which united Prince Frederick, brother of the ex-queen of Portugal, and Princess Margaret of Saxony. The prince, a former German army officer, has discarded his uniform for civies. The picture above is believed to be the only one received in this country showing the couple together.

O. S. & S. O. TEAM TO PLAY DAYTON FARES SATURDAY

The O. S. & S. O. Home baseball team will play the Ohmer Fares of Dayton on the Home diamond Saturday afternoon.

The Cadets have been traveling at a good pace this season and their defeat of Stivers High of Dayton last week-on proves their worth. The contest unfortunately broke up in the first half of the sixth frame, when Captain Jakey Matusof in true Stivers style, objected to a decision of the umpire and was rewarded with a buff on the nose.

Prize Dress Cost \$2.87.

Amstn, Tex., June 3.—A school dress for spring and fall which costs \$2.87 and which was designed, made and worn by Miss Aline Johnson of Houston, has won first prize in a statewide high school girls' clothing contest conducted by the University of Texas.

THE EXCUSE OF THE DAY TOLD IN PICTURES

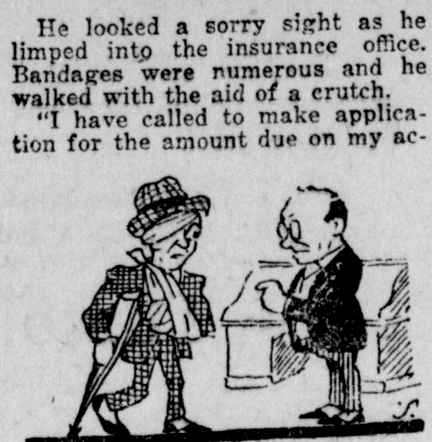

Some wives consider this a good excuse. What do you think? Can you read it?

Saturday's Excuse was "Too Young."

Tomorrow's will be worth your time. Stay home from the office, if necessary to solve it.

"SMILES"

He looked a sorry sight as he limped into the insurance office. Bandages were numerous and he walked with the aid of a crutch.

"I have called to make application for the amount due on my accident policy," he said. "I fell down a long flight of stairs the other evening and sustained damages that will disable me for some time to come."

The manager gave him a firm look.

"Young man," he replied, "I have investigated your case, and find that you are not entitled to anything. It could not be called an accident, for you certainly knew that the young lady's father was at home."

They were rattling along the country road in an old-fashioned horse-drawn vehicle. Suddenly a large white house loomed up on the right of the road.

"That house," drawled the farmer, nodding his head in its direction, "is run by a couple of these here spiritualists."

"Do they take summer boarders?" asked one of the city girls.

"Nope," said the farmer, "only Ouija boarders," Judge.

The excuses offered by school-boys are often laughable, perhaps none more so than those of two pupils of a country school for being late. Asked why he didn't come when he heard the bell, one boy said, "Please, sir, I was dreaming I was going to California and I thought the school bell was the steamboat I was going on."

"You did, eh?" said the teacher.

"And now, sir," turning to the second boy, "what have you to say for yourself?"

"Please, sir, I—I was just waiting to see Tom off," stammered the other.

DON'T SPOIL YOUR CLOTHES.
Use Red Cross Ball Blue and keep them white as snow. All grocers.

FUNERAL SERVICES FOR FORMER XENIA GIRL SATURDAY

Funeral services for Miss Helen Laughlin, former Xenia girl, who was found dead at her home in Dayton as a result of valvular heart trouble, will be conducted Saturday morning at 7:30 o'clock, at the late residence, 1625 East Fourth street and at 8 o'clock at St. Joseph's Catholic church. Burial will be made in Calvary cemetery.

Besides her parents, Mr. and Mrs. James Laughlin and her sister Mrs. George Haller of this city, Miss Laughlin leaves four other sisters, Mrs. F. W. Hecht, Mrs. L. C. Ryan, Mrs. J. L. Weaver and Miss Kathleen Laughlin and two brothers, Frank and Edward Laughlin.

NEW OFFICERS.**

With one exception a new set of officers was elected by Catharine Greene Chapter, Daughters of the American Revolution, when it met at the home of Mrs. R. D. Adair Wednesday afternoon.

Mrs. R. S. Kingsbury was elected regent; Mrs. S. O. Hale, vice regent; Miss Sarah Williams, was re-elected secretary, Miss Dilver Belden, historian, and Mrs. George C. Tiffany, registrar.

Interesting reports of the Continental Congress which was held in Washington in April, were given by several of the delegates, Mrs. William Wilson, state regent, Mrs. William H. McGervey, state secretary, and Mrs. Dilver Belden. Ice cream, cake and tea were served.

Ford

THE UNIVERSAL CAR

Every Ford Owner Should Know

Just what Ford Service is, and why it is different from ordinary garage service, and why it is more profitable to patronize the Authorized Ford Dealer?—The Ford Dealer is a part of the Big Ford Family. He carries a large stock of genuine Ford parts for repairs and replacements so you don't have to wait while he sends for them, and he uses only genuine parts because he knows the imitation parts aren't dependable and don't wear.

He has a thoroughly equipped up-to-the-minute garage with tools that enable his Ford Mechanics to efficiently and properly make any repair—from a minor adjustment to a complete overhaul. And when the work is finished, his bill represents the reasonable, standard Ford prices.

Now, we are Authorized Ford Dealers—a part of that great Ford Service organization which was formed chiefly to put within each community a dealer who would have more than a passing interest in Ford repairs and adjustments. We are prepared and equipped to render prompt, careful Ford service. Drive in or phone and we'll come after your car.

WORLD WAR VETERAN 32 TIMES WOUNDED TO BE MARRIED

George Turnbull of Springfield, survivor after 32 wounds in the late war, has at last succumbed to cupid's dart, first shot.

The engagement of Mr. Turnbull to Miss Corida Esther Smith of Michigan City, has just been announced. The wedding will take place Sunday, June 6, in the First Baptist church of Michigan City, Rev. L. C. Elliott, performing the ceremony.

Turnbull was an officer in the Queen's Own Cameron Highlanders, enlisting October 23, 1914, and he was awarded the Victoria Cross. He was wounded with 26 machine gun bullets and 7 pieces of shrapnel.

Returning from the world war, Mr. Turnbull took up the study of wireless telegraph, but finding he was not adapted to the work he took up the study of law at Valparaiso University. Miss Smith is also a student at Valparaiso, and it was there they met.

Sure Death to Corns

"Gets-It" Makes 'Em Lose Their Grip and Lift Off Painlessly.

The first thing "Gets-It" does when it lands on a corn or callus is to snuff out the pain. Then it shrivels the corn or callus and loosens it.

Soon, it is almost ready to fall off. You help it just a little by lifting it off with your thumb and finger. You don't even feel it because there is no hurt left in it. Millions have proved it the cleanest, surest, safest and most pleasant method. "Gets-It," the never failing, guaranteed money-back corn remover costs but a trifle at any drug store. Made by E. Lawrence & Co., Chicago.

Sold in Xenia and recommended as the world's best corn remedy by Sayre & Hemphill and D. D. Jones.

and Mrs. Carey Holton, of Spring Val.

SUSTAINS INJURIES WHEN HIT BY AUTO

Miss Jean Brown, of Pittsburgh, who is the guest of her brother-in-law and sister, Dr. and Mrs. Joseph Kyle, a suffering from injuries received when she was knocked down by an automobile on Market street, near the Standard Oil filling station. She was removed from beneath the car, one wheel of which is believed to have passed over her ankle. Lig-

aments in the ankle were torn, and she was cut and bruised. She was taken to the office of Dr. A. D. De-Kyle home. Miss Brown was crossing the street intersection when the accident occurred.

Dr. J. D. Herron, retiring rector of Christ church, and Mrs. Herron, started Thursday morning for Cambridge, where Dr. Herron becomes rector of the Episcopal church.

If you want Clothing at really reasonable prices, see C. A. Kelble's big ad in this paper.

Mrs. W. H. Iliff, of Cedarville, who has been in the east for a year, returned home Thursday morning. She has been the guest of her son, the Rev. Wallace Iliff, of Brookline, Mass. and her daughter, Mrs. W. R. Graham at Philadelphia. Rev. Graham returned with her to attend commencement at his alma mater, Cedarville college.

"I HAVE GAINED SIX POUNDS BY TAKING DRECO."

Lancaster citizen had indigestion, dyspepsia, gas in his stomach; bowels constipated; no appetite for finest meal.

Two bottles of Dreco corrected these troubles, and now he feels 100% better, he says.

"I used to hate to sit down to the table, for even the best meal did not appeal to me. I didn't even want to look at food," declared Mr. C. C. Duckwall, a popular employee of Claffin Engineering Co., Lancaster, O.

"What little food I did eat would disagree with me, giving me pains; turned to gas and made my stomach very uncomfortable. My bowels kept bound up all the time, so I had to take physics all the time. I often had headaches and my sleep was broken and failed to refresh me.

"Two bottles of Dreco have made me feel 100 per cent better in every way. I have gained six pounds in weight; bowels act regular; have a big appetite and my stomach is able to digest food without forming gas or swelling up. Dreco is truly a remedy of merit, and I gladly tell people what it has done."

After taking Dreco it is noticed the bowels act regular every day; the stomach digests the food without leaving gas; the liver becomes active; kidneys are strengthened; the appetite grows, and sleep becomes sound and refreshing. Dreco is pleasant to take and effects are prompt.

All good druggists now sell Dreco and it is being especially introduced here by

Sohn's Drug Store.

That is what a friend of mine paid for a 20 in. cast iron fire bowl F. O. B. a neighboring city last week. Labor taking out the cracked bowl and replacing plus freight, will make the replacement cost my friend about \$50.00. Relining a 20 in. Peerless will cost about \$3.50 for brick and labor as the furnace does not have to be torn down to replace the bricklining. The firebrick lining will last as long as the average cast iron firebowl. My friend says, "A Peerless Armco Iron firebrick line furnace for mine next time."

A cracked fire bowl means smoked wallpaper and draperies. Even if under a guarantee you get a new firebowl free you have had the annoyance caused by the replacement.

If you are wise you will profit by my friend's costly experience but if after reading the above you still want a cast iron furnace, I have it at a cast iron price, a 24 in. pipeless installed for \$220, (or I can install a pipe job.)

From a monetary standpoint I should be pushing cast iron. This ad is a statement of facts and instead of considering it as so much "hot air" you really owe me a vote of thanks for calling your attention to absolutely the best furnace on the market. Made in sizes from 20 in. to 36 in. We have your size. Write for circulars.
